

Frequencies for Your Life

Flow With the Cycles

Deep Cycle H

The Benefits of the Deep Cycle H Program Group

Deep Cycle H (Harmonic) for Healy is a holistic system for all levels of your existence. It is meant to help you flow with the cycles in your life and to support and adapt to changes. Everything in nature and the universe is developing in cycles! Everything is interconnected; nature seeks harmony on every level. There are some key elements that must be in place to flourish and adapt to the ever changing and developing universe around us and inside of us.

Frequencies and Harmonics from Nature

The harmonic frequencies contained in the Deep Cycle H programs are the result of 10 years of research and application by Jan Poleszynski in his practice. They include frequencies and harmonics that originate from nature, from our planet, from the sun as well as fundamental cosmic frequencies, frequencies that connect you to the earth and basic resonances of the atmosphere and surrounding planets. These frequencies are informational "highways" helping to bring you in harmony with yourself and with nature.

Deep Cycle H - compiled by Jan Poleszynsky

Jan Poleszynski is the founder of Klinik for Integreert Medisin (Integrated Medicine Clinic) and Uno Vita AS in Norway. He has been studying the application of micro-current and frequencies for many years and is successfully working with them for his clients on a daily basis. Based on his experience, he compiled the Deep Cycle program group that was made available for Healy users in 2017. Its newest incarnation is Deep Cycle H, the H meaning Harmonic. It is based on a protected harmonic frequency list; the original frequency databases have been updated and improved. Deep Cycle H raises the accuracy of the original Deep Cycle holistic frequency system to a new level.

If you already are a Deep Cycle user:

The Deep Cycle (without the H) Individualized Microcurrent Frequency (IMF) Healy Programs will continue to work on your Healy device. If you would like to use Deep Cycle H alongside Deep Cycle, you can license it for the monthly fee indicated in the Healy Online Shop on the website.

The Deep Cycle "First", "Second" and "Third" application IMF programs are not part of Deep Cycle H anymore; instead, using the IMF Sensitive program contained in Deep Cycle H is recommended for new users.
